Stoneridge sets the standard

Stoneridge Electronics™ is a leading provider of Tachographs and Fleet Solutions to the European aftermarket sector. Three decades of design and manufacturing, coupled with our insight and experience allows us to ensure customers receive exactly what they want: highly reliable and robust products, backed up by a professional after-sales service.

A simple solution

Looking for a tachograph that simply does the job, day in and day out? For proven, reliable technology, it's hard to beat the 2400 Tachograph from Stoneridge. This popular model has been tried and tested where it counts – on the road. Its straightforward, robust design means you can rely on it to do exactly what you need.

The 2400 Tachograph

Recently fitted with enhanced software and hardware components, the Stoneridge 2400 Tachograph is now better than ever – with added improvements in build quality and dependability.

Using readily-available standard charts for convenience, it's a no-nonsense, straightforward way to meet your legal requirements.

Whether you want to fit the unit integrally or above the dashboard, it's compatible with a wide range of vehicles. And with its simple, robust design, it's very easy to fit – and even easier to use.

Its robust and functional design incorporates two smartcard slots an LCD display and thermal printer.

When you choose the 2400, you're choosing tried and tested technology, with a proven track record of reliability. We even back it up with a 24 month unlimited mileage warranty. So why not find out more?

The 2400 Attributes
