Stoneridge sets the standard

Stoneridge Electronics™ has been a leading provider of Tachographs and Fleet Solutions to the European Aftermarket sector since 1974. Three decades of design and manufacturing, coupled with our insight and experience allows us to ensure customers receive exactly what they want: highly reliable and robust products, backed up by a professional after-sales service.

More than just a Tachograph

For a tachograph that offers outstanding value for money, choose the Stoneridge 8400 Tachograph – it is the most reliable and high quality conventional tachograph on the market. Not only does it offer you a proven easy-to-use tachograph solution, there is also a range of 4th stylus models to record Engine Revs or Events.

We offer an extensive range of models to provide a solution for all vehicle applications and with our worldwide network of over 5000 tachograph workshops Stoneridge are ready to service all your tachograph needs.

The 8400 Tachograph

Why choose a repaired or less reliable product when you can choose the Stoneridge 8400? Our genuine Factory Reconditioned Units (FRU's) come with the reassurance of a 24 month unlimited mileage warranty. So if you want a dependable solution that offers you more at a very competitive price, find out more today.

The 8400 Attributes

- Superior 24 month unlimited mileage warranty
- Robust and reliable
- Outstanding value for money
- Tried-and-tested technology
- Range of models to fit all vehicle applications including various bezel shapes
- Easy to use
